

## Clarenceville Cemetery

Edited by Margaret Najarian, Western Wayne County Genealogical Society

Clarenceville Cemetery is located on the south side of Eight Mile Road (Base Line), east of Middle Belt Road (W ½ NW ¼ SEC 1, T1S, R9E). It is 10 rods square.

A burial ground was bought by Gilbert Martin, August 1840, before his death and then on April 15, 1841 William G. Plain bought the burial ground from Gilbert Martin's widow for \$30.00. A meeting of the citizens of Fractional School District No. 9 in Farmington, Livonia & Redford, was held on the 15<sup>th</sup> day of April 1841 for the purpose of accepting the burial ground offered by William G. Plain. It was voted that Benjamin Stevens, Lewis Nash and James Gunning be the Trustees of the burial grounds and Gardurous Webster be the collector of the land society, and William G. Plain be the treasurer of the society.

On March 16, 1892, Frederick and Maria Nacker sold to the German Evangelical Lutheran Emmanuel Congregation of Clarenceville the northwest corner of the cemetery for the sum of \$1.00. The Trustees of the church were William Heise, Frederick Harm, and Louis Waack.

The Clarenceville Cemetery Association appointed Russell Waack secretary/treasurer in 1953 who collected a small fee from the lot owners to maintain the cemetery. In 1987, the City of Livonia took over the maintenance of the cemetery. In September 1989, the City erected a new fence around the cemetery.

Gilbert Marin died December 5, 1840 and is buried here. Grace L. Chapman Waack was born August 7, 1921 and died August 3, 2010 and is the latest burial here.

Tombstone inscriptions were copied by the D.A.R. about 1930. This reading of the tombstones was done in June 1989 by the following members of the Western Wayne County Genealogical Society: Carol Lee Gibbons, Freda Hill, Shirley Phillips, Helen & Jim Smith, Betty Sutton, and Margaret Najarian. We hope this corrected and updated reading will be beneficial to all who use it.

An \* before a name denotes a D.A.R. reading, either because the stone is missing or all or part of the stone is not legible.
