Situational Awareness

- Over the last seven days, 122 Livonia residents have tested positive for COVID-19. This is the highest seven-day period of cases for the City since April, and the fourth-highest week for new cases since the start of the pandemic.
- The Michigan Department of Health and Human Services announces 3,675 new individuals have tested positive for COVID-19 in test results returned to the State. Due to a data issue, some of these cases would have normally been included in tomorrow’s report because they were processed after the 10 a.m. daily reporting cut-off.
- The State of Michigan announces additional COVID-19 restrictions as cases surge statewide. The rules limit the number of diners sitting together at a bar or restaurant to six. Gatherings at non-residential venues that do not have fixed seating cannot exceed 50 people. To improve contact tracing, dine-in restaurants must keep a customer log, including the name, phone number, and time of those that eat on their premises.
- More than 30 specific outbreaks of COVID-19 in Michigan have been tracked to events that now have limited capacity under this new order. These outbreaks include weddings, bridal showers, funerals, bowling parties, social clubs and gatherings of friends and family from multiple households. The state has also identified 18 outbreaks related to church services, which are exempt from the order.
- The State also moved regions of northern Michigan back to stage four of reopening, meaning all of Michigan is now under the same set of regulations regarding mask use and event size.
- Hospitalizations for COVID-19 in Michigan have doubled in just the last three weeks, and the rate of new deaths from COVID-19 has now increased for five straight weeks.

Actions Taken

- Due to the high demand for absentee ballots, Livonia City Hall’s first floor will be open for election business only on Monday, Nov. 2 and Tuesday, Nov. 3. We strongly encourage you to use our online services at www.Livonia.gov or call before coming to City Hall over the next few days. You may also use the red mailbox outside City Hall to conduct City business.
- Navigating the upcoming Halloween holiday in the time of COVID-19 is different than ever before. The City is sharing recommendations from the Michigan Department of Health and Human Services and the Centers for Disease Control and Prevention that will help ensure a safe, healthy Halloween for all participating.
- Livonia Clerk Susan Nash and Director of Emergency Preparedness Brian Kahn release a video describing safety precautions that are being taken at City Hall and will be taken on Election Day to keep voters safe.
